New Zealand Information Security Forum (NZISF) invites you and your friends to the October 2015 breakfast meeting:

Date: Thursday, 8 October 2015

Time: 7:30 am, **be on time, please!**

Venue: Seminar venue: The University of Auckland School of Business, Owen Glen Building, 12 Grafton Rd, CBD, Auckland.
Breakfast: "Excell" café, Level 1,
Presentation: OGGB Building, Case room 2, (260-057), Level 0

Cost: NZISF, NZSA and IITP members - \$30, students - \$15, all others - \$ 35, Cash or cheque, no credit cards. Alternatively, **credit my (i.e. Lech Janczewski) account at: BNZ, Auckland Branch, No: 02 0159 0235063 00. Please put the note with the payment: "NZISF October your name" and send me an email about the payment.**

Topic: **What is Professional Ethics? Do we need them?
Why are they important especially to Security Practitioners?**

This session is about Professional Ethics, everyone knows they exist for a reason, but why are they especially important to those who are security practitioners themselves? Why are they important to organisations and individuals as consultants? Do the current Millennial's, the latest generation to enter the workforce, lack a strong work ethic? What responsibilities do organisations, managers and mentors have to prepare the new work force to be useful and valued employees? Hopefully, the above questions will be answered through an open interactive and discussion session with yourselves, rather than purely a show and tell type of presentation.

Your input is definitely required and valued as employees and as potential employers!

Presenter: John Martin

John is a Senior Security Architect & Security Practice Leader for IBM NZ. He is an IBM certified architect. His qualifications include Certified Information System Security Professional (CISSP) and Information Systems Security Architect Professional (ISSAP). He is a Chartered Information Technology Professional, and ISACA Certified Information Security Manager (CISM). He is a member of the New Zealand Computer Society, (Certified Information Technology Professional).
