UKCBR5: the 5th UK CBR Workshop - 11th December 2000

Call for Papers

Submissions are invited for the 5th UK Workshop on Case-Based Reasoning (UKCBR5). Continuing the pattern established by Ian Watson in previous UKCBR workshops, this will be a relatively informal occasion where you can meet CBR colleagues and exchanges news, views and opinions as well as presenting and/or learning about the work of others.

This year the Workshop will be held at Peterhouse College, Cambridge jointly with the BCS SGES ES2000 conference. The UKCBR Workshop will run in parallel with the ES 2000 Tutorials on the first day of the conference. As colleagues who have attended the ES 98 of ES 99 conferences will confirm, Peterhouse, which is the oldest and smallest of the Cambridge colleges, is an excellent venue.

Scope of the Workshop

Papers submissions are invited on any aspect of case-based reasoning. Papers on practical applications of CBR will be particularly welcome. Possible topics include but are not restricted to:

- the theory of CBR
- methods for case adaptation, indexing, retrieval, representation
- hybrid CBR systems
- CBR in data mining and knowledge discovery in databases
- Knowledge acquisition, modeling, and management for CBR
- CBR in engineering, design, manufacturing
- CBR and the Internet
- e-Business applications of CBR
- CBR and human learning
- CBR in software engineering
- CBR in healthcare
- analogical reasoning

Although this is the UK Workshop on CBR, a warm invitation is extended also to researchers from outside the UK to submit a paper, or otherwise attend.

Workshop Organisers

Brian Lees
Dept. of Computing & Information Systems
University of Paisley
High Street
Paisley PA1 2BE
Tel: 0141 848 3311
Fax: 0141 848 3542
email: lees-ci0@paisley.ac.uk

Venky Shankararama
Department of Computer Science
University of Hertfordshire
College Lane
Hatfield, Herts AL10 9AB
email: comqvs@herts.ac.uk

Programme Committee

- Brian Lees University of Paisley, Scotland
- David McSherry University of Ulster, N. Ireland
- Bart Netten Delft University, The Netherlands
- Venky Shankararaman University of Hertfordshire, England
- Barry Smyth University College, Dublin, Ireland
- Ian Watson University of Auckland, New Zealand

Submissions

Please send paper submissions, which should not be more than 12 pages in length, by email to Brian Lees at: lees-ci0@paisley.ac.uk

Submissions in Word are preferred; but if this a problem, then use whatever format is convenient. Formatting instructions for the final camera-ready copy will be sent with the acceptance notification.

Workshop Organisation

The Workshop will be limited to 30 attendees.
The cost of attendance will be:

- £ 80, if attending the UKCBR5 workshop only
- £ 50, if also attending the ES 2000 Conference.

The workshop fee will include lunch and a copy of the workshop proceedings.
For information on the ES 2000 conference, please consult the conference web website at:
http://www.bcs-sges.org/es2000

Student Rate

So as to encourage student participation in the workshop, the BCS SGES has made arrangements to subsidise genuine students who wish to attend the UKCBR Workshop only but are not presenting a paper. The UKCBR workshop organisers are therefore in a position to offer a student rate of £50 for non-presenting students.

Important Dates

- Submissions due: October 6th
- Camera-ready copy due: November 1st
- Workshop: December 11th
